

CITY OF BENTON
Streets and Drainage
305 W Hazel
Benton, AR 72015
(501) 776-5990

January 3, 2023

Effective January 1, 2023

The current yard waste program will be modified as follows:

We will no longer have a specific pick-up day. Yard waste will need to be on the curb by Monday for pick-up sometime that week.

The deadline to get on the list will now be Friday at noon. Any calls/sign-up that come in after that or over the weekend will be moved to the next week. For instance, if you sign up on Sunday the 1st, you will be on the pick ups for the week of the 9th.

We strongly encourage paper bags, (not plastic) so they will degrade.

All other requirements will remain the same.

We are making these changes to make it more efficient for the department and still be able to continue the service for our residents.

If you have questions, please contact me at 501.776.5990.

Thank you for all you do in helping keep our city clean and our drains clear.

Sincerely,

John Richey Director
Streets and Drainage Dept
