Urgent, Urgent, Urgent. I was just informed of another threat from a member of the POA Board. Folks, I really need your help. Is there any one out there that is willing to embarrass them selves by taking this board member out in public. Now this board member is not someone to brag about as a matter of fact on a scale of one to ten this person would not rate. If you like someone that will talk about their problems the whole date, has an ole woe is me attitude and loves to talk about their self worth than this board member is for you. Folks I need someone who has no pride in themselves to take this board member out. This board member has been kicked to the curve by a previous relationship and just can't get over it. Lord, Lord, folks please help me get rid of this chronic wart.

I see that Karen and Jennifer from Heritage Farms are up to their deceiving ways again. I have asked Karen to post the cost of the individual signs and she refuses to. She wants to deceive the Community by posting a cost range. Why does she not show the signs and list the price of the individual sign. I am sure she and Jennifer will not do what is right. The signs that these two are posting will not fit our existing structures. I am feeling a kick back here or as Gary, Karen and Jennifer would say "A REIMBURSTMENT." Folks one of these people have already been caught writing checks to themselves with

I respectfully submit that Jennifer Floyd is a damn liar. When you have someone as depressed as Jennifer then she tends to overload herself. Jennifer can't write much before she begins to lie and starts to make mistakes. I submit the following as to why Gary should kick her lying you know what off the board. I have been handed a Censure and potential removal of Director Don White wasteful paper. Jennifer ends her worthless oral output with the following. "I submit this document, meaning her useless oral output, as evidence of Director Don White's continual unethical and disrespectful behavior. At this time, he has broken the code of ethics for the board numerous times and continues to do so even after receiving several verbal warnings. Jennifer Floyd you are a liar. Every thing you have stated is a lie. Your accusing me of continual unethical and disrespectful behavior is just in your evil mind. You even lie to yourself. Jennifer you say I have received several verbal warnings. The board, and you are not the board as you think you are, has not issued me one verbal warning other than the pitiful threats from you I have had to endure while on the board. Jennifer Floyd you are a LIAR and the whole community needs to know. I demand you dismiss yourself from the board as the board does not need a liar on it. Jennifer you did get one thing right, I am DIRECTOR DON WHITE.

Jennifer you have no authority to issue verbal warnings but I am sure you, with Gary's approval, can whip a new rule up to cover this the same way you rewrote the rules, with Gary's approval, to cover up your writing checks to yourself from the POA funds. Jennifer you need to find another tree to bark up because you are a loser barking up this tree.

Jennifer goes on to say I have received several verbal warnings when in fact the board does not in their rules state anything about verbal warnings

I just found out that the new signs have been approved. This is what struck me just off the bat is three independently (who were the three members who counted the votes.) Karen will lie anytime she is moving her lips. Were the three counters my huckelbuck, Karen and Gary or did Deb get involved? Folks. Karen did not even say how many people voted. I did not get to vote because Karen has taken me off group me as Karen continues her low life ways. Karen is a liar and manipulator. Karen can erase any comment on group me she does not like. I have had it with this Community leadership so as of now I will not pay my dues when they come due. I urge everyone to not pay their dues until people like Karen, my huckelbuck and Gary are off the board. Folks this is how the dues work. If you do not pay your dues lying Karen, my huckelbuck and Gary will tell you they will put a lean on your house. The POA attorney has told the POA that they can not file legal papers on anyone until the amount that they owe reaches \$1,000.00. If Karen, my huckelbuck or Gary tells you otherwise they are lying to you. I am so tired of paying money for no reason and my neighborhood looking like crap. So you can in essence not pay for five years and then if you are forced to pay you only have to pay for one year and you fall back into good graces. So to sum up if you pay one year after not paying for five years there is nothing lying Karen or Gary or my huckelbuck can do about it. If the board wants to play with me then the board will have to pay.

I have just ask Gary to ask for Jennifer's resignation from the POA board based upon a violation of HFPOA Reimbursement Policy #4 which states The individual requesting the reimbursement check can not be a co-signer on the reimbursement check. Jennifer has written these checks out to herself and signed them also. I have requested Gary to resign if he refuses to relieve Jennifer of her board seat. I have never met anyone who writes out a rule knowing not only that they have broken the rule but also knows how they broke the rule. SMDH

This is for Jennifer aka VP of the Heritage Farms POA board. I am demanding that the board censure her, and kick her off the board because of ethics violations.

Jennifer is a stain on the board and one of three reasons why this board needs to be cleared up. You see I have a couple of checks that concerns Jennifer for \$54.88 and \$300.54. Now there was no rule in the books concerning reimbursement until 1/28/2025 after Jennifer was informed of the checks. This alert was written by Karen. These checks are made out to Jennifer and signed by Jennifer. Now I refer you to HFPOA Reimbursement policy item #4 of the new HFPOA reimbursement policy . THE INDIVIDUAL SEEKING REIMBURSEMENT CAN NOT BE A CO-SIGNER ON THE REIMBURSEMENT CHECK. I am asking Gary to step up and relieve Jennifer of her board duties and show the Community that he will finally do what is best for the Community instead of protecting certain members of the board. If you can not do this then you need to resign as a sign of unity for the Community.
